

## Compact Suction Slot Systems for Passenger Cars and Lorries

Suction slot systems are the flexible solution for your workshop. From the following parts you can put together your complete installation set. Further details in our technical informations.

	Description	article	Price/€
	<p><b>System AS 200, complete</b>            consist of suction slot channel AS 200 with sealing lip, (up to 1800 m<sup>3</sup>/h) connecting cases, 2 terminal stoppers, 2 final covers, 1 pipe union, assembly kit</p> <p>6 m long            8 m long            10 m long            12 m long            14 m long            16 m long            18 m long            20 m long</p>	<p>S-01306            S-01308            S-01310            S-01312            S-01314            S-01316            S-01318            S-01320</p>	<p>647,00            836,00            1012,00            1188,00            1377,00            1552,00            1728,00            1917,00</p>
	<p><b>Mounting kit</b> consist of swinging iron, hanging ups with eye bolts and carrier claws, mounting dist. about 5,00 m</p> <p>length = 500mm            length = 1000 mm            length = 1500 mm</p> <p>or <b>Wall console set</b> consist of console and ceiling holder, arm length = 500 mm</p>	<p>S-04305            S-04310            S-04315            S-04405</p>	<p>74,00            80,00            86,00            47,00</p>
	<p><b>Suction car unit "rollfix"</b>            With suction car, 5 m exhaust hose for 150 °C, suction nozzle with clamping plier and rope with ring for hanging up exhaust nozzles</p> <p>Ø 100, for passenger cars (max. 650 m<sup>3</sup>/h)            Ø 125, for car testing area (max. 1000 m<sup>3</sup>/h)            Ø 150, für car testing area (max. 1500 m<sup>3</sup>/h)</p> <p>optionel:  <b>Built in butterfly valve</b> Ø 100 - 150  <b>Stand with funnel for AU</b> (the nozzle will be plugged on)            Ø 140</p>	<p>S-04510            S-04512            S-04515            S-17915            11714</p>	<p>498,00            657,00            692,00            49,00            194,00</p>
	<p><b>Exhaust fan set</b> consist of fan VG 100, up to 1500 m<sup>3</sup>/h, console for mounting on the channel or at the wall or ceiling, motor protection switch, vibration damping.</p> <p><b>Exhaust piping:</b> Roof execution, hood deflector, assembly set consist of strand clips, threaded rod, special sealing tape, sheet metal driving screws</p> <p>Set 1 with 3 m piping and 1 bend, Ø 150            Set 2 with 6 m piping and 2 bends, Ø 150</p>	<p>S-15307            S-17115            S-17215</p>	<p>677,00            402,00            467,00</p>
